Emerging Global Partnership after COVID19:
The Eastern Economic Corridor (EEC) of Thailand -
Green & Future Tech Hub Thailand - A place to be

Date: **08.10. 2020** - Time: 09.30 AM Berlin time / 14.30 PM Bangkok Time

The fast pace of technological advancement and new development in Asia offer vast opportunities for international business in the areas of intelligent logistics, health & pharmaceuticals, aerospace, industrial solutions etc. The Eastern Economic Corridor of Thailand as a strategic hub in Southeast and East Asia can be an example of Covid-19 economic response plan aiming to drive economic growth through knowledge, innovation and green development. We cordially invite you to attend the international video conference, "Emerging Global Partnership after Covid-19: The Eastern Economic Corridor (EEC) of Thailand - Green & Future Tech Hub Thailand - A place to be." Prominent speakers from business, science and government leaders from Germany, Thailand, Singapore and China cast a confident look at the time after Covid-19 and the future that will bring Asia and Europe closer together through business partnerships.

The EEC will play a key role as one of mega-projects in the ASEAN region. We look forward to welcoming you this video conference. Details for registration will be available below.

We look forward to your participation and would like to be able to talk directly to you again as soon as possible.
